

[V7] ISSUE: Incorrect error message 'Another backup job is still running' is displayed (MS Windows System / System State backup)

Article ID: 5075

Reviewed: 2015-12-23

Product Version:

AhsayOBM: 7.3.2.0 to 7.x

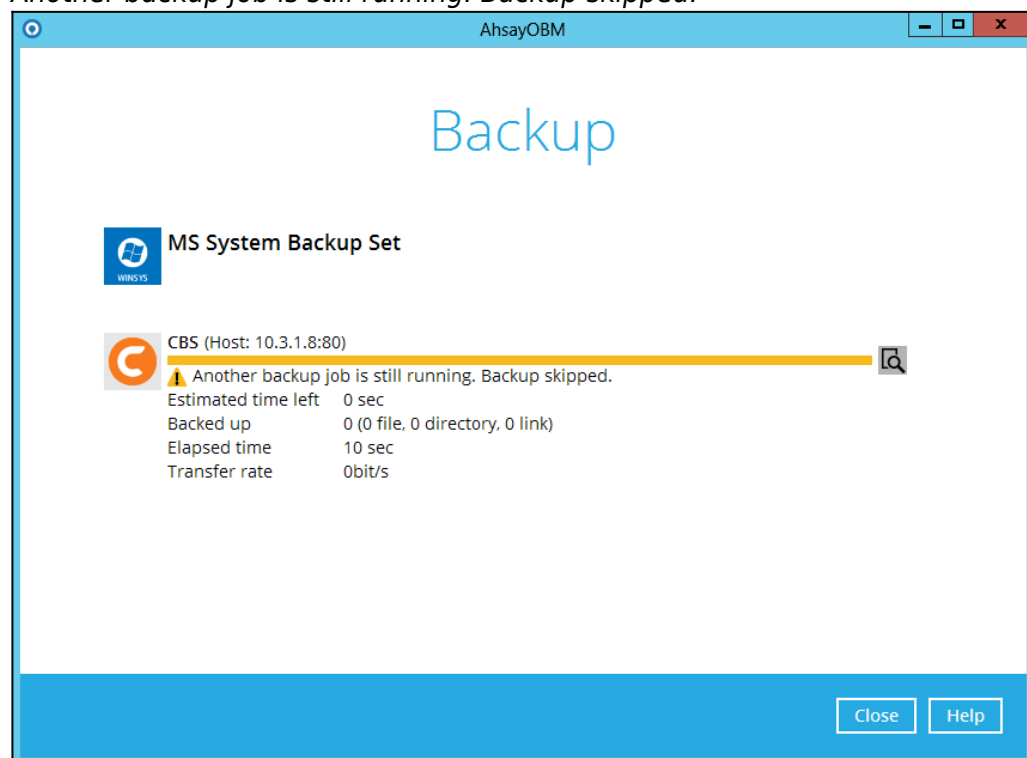

OS: All platforms

ATTENTION 1st January, 2022: v7 officially End-of-Life [[details](#)]

Problem Description

When performing a MS Windows System / System State backup, the following error message is displayed on the backup client interface, or in the backup report:

Another backup job is still running. Backup skipped.

Note:

There is no backup job of the same backup set running.

Cause

An incorrect error message is displayed.

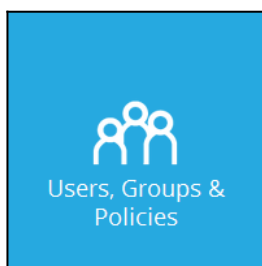

This issue can occur if the MS Windows System / System State add-on module is not enabled for the backup account, this is a known issue with AhsayOBM version 7.3.2.0 - 7.5.0.0.

Resolution

To prevent the incorrect error message from displaying, patch the AhsayOBM application to version 7.7.0.0 or above. The instructions can be found by [Clicking Here](#).

To resolve the issue, enable the Windows System Backup add-on module for the corresponding backup account:

1. Login to the AhsayCBS console.
2. Under **Backup / Restore**, select **Users, Groups & Policies**:

3. Select the corresponding backup account, under **User Profile, Backup Client Settings**, enable the **Windows System Backup** add-on module:

User Profile	General	Backup Client Settings	Contact	User Group
Backup Set	Settings of the client backup agent for this user.
