## Problem Description

Multiple Predefined Destinations (e.g. same destination name) can be created with the same name via the AhsayCBS console in the following menus:

- **System Settings > Basic > Predefined Destinations**

- **Backup / Restore > Users, Groups & Policies > Policy Group > Backup Set Settings > Destination Visible to Users > Predefined Destination**

- **Backup / Restore > Users, Groups & Policies > Policy Group > Preempted Values > Destination > Predefined Destination**
