

FAQ: Where do I find the details of the storage quota used for each backup user account on AhsayCBS?

Article ID: 5264
Reviewed: 31/07/2017

Product Version:
AhsayCBS: 7.9.0.0 or above
OS: ALL

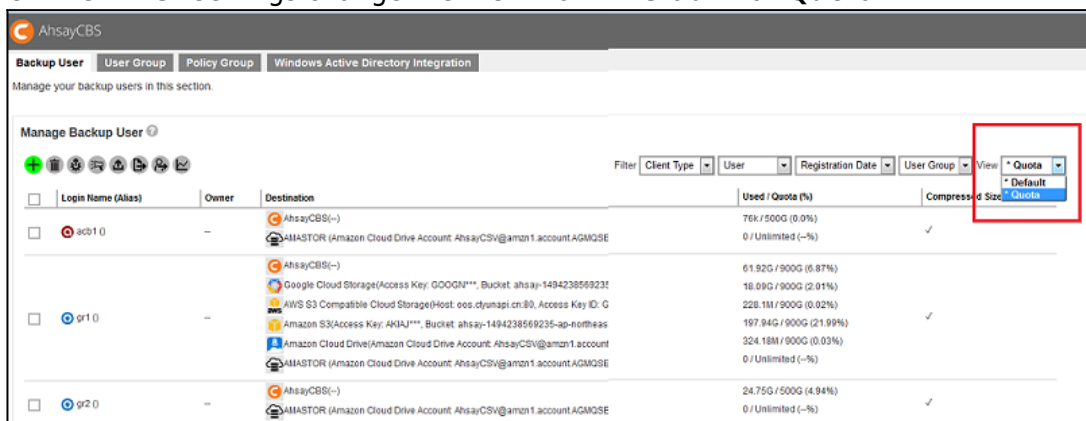

Description

Where do I find the details of the storage quota used for each backup user account on AhsayCBS?

Steps

To get the details of the storage quota for your backup users:

1. Login to AhsayCBS web management console using the system or administrator account.
2. Go to [Backup / Restore]>[Users, Groups & Policies]>[Backup User] tab
3. On the **Filter** settings change the View from ***Default** to ***Quota** .

Keywords

storage quota, backup quota, usage, destination quota
