

[V8] FAQ: Ahsay Software Compatibility List (SCL) for version 8.1 or above

Article ID: 8001

Reviewed: 2021-10-11

Product Version:

Ahsay Software: 8.1.0.0 to 8.x

Description

This document lists the available operating systems, platforms, and applications specifically tested to be compatible with Ahsay v8 software.

Important Note:

"**Support End Date**" refers to the end of support date for the respective product as determined by the software vendor, i.e. Microsoft, VMware, Red Hat, Ubuntu etc. Once the support end date is reached for a product, Ahsay support team will provide best effort support.

Due to insufficient demand for **IBM Lotus Domino / Notes** and **StorageCraft ShadowProtect** modules, starting from version 8, support for these modules will be discontinued. Ahsay will not put any further development and QA efforts in enhancing these modules. However, to allow existing users to keep using them after upgrading to version 8, these modules will still be available in AhsayOBM's backup set type option list. **Ahsay support team will continue to provide best effort support for these modules until further notice.**

Contents

- [Supported Operating System List](#)
- [Supported Applications and Database List](#)
- [Supported Cloud Storage Service](#)
- [Supported Cloud Storage Region](#)
- [Planned Support List](#)

Operating Systems compatible with

AhsayCBS / AhsayCBS Replication Module / AhsayCBS Redirection Module / AhsayPRD / AhsayOBM / AhsayACB / AhsayOBR / Ahsay Mobile (Supported Operating System List):

Applications and Database compatible with AhsayOBM (Supported Applications and Database List):

Cloud Storage Services compatible with AhsayCBS / AhsayOBM / AhsayACB (Supported Cloud

Storage for Cloud File Backups):

Cloud Storage Region compatible with AhsayCBS / AhsayOBM / AhsayACB (Supported Cloud Storage for Cloud File Backups):

Operating Systems or **Applications and Database** planned for support in future version (Planned Support List):

Keywords

Supported, Software, Compatible, Compatibility, Version, Platforms, OS, Operating, System, Client, Support, supported platform list, support platform list
