

7.1 Restore Backup with AhsayOBM

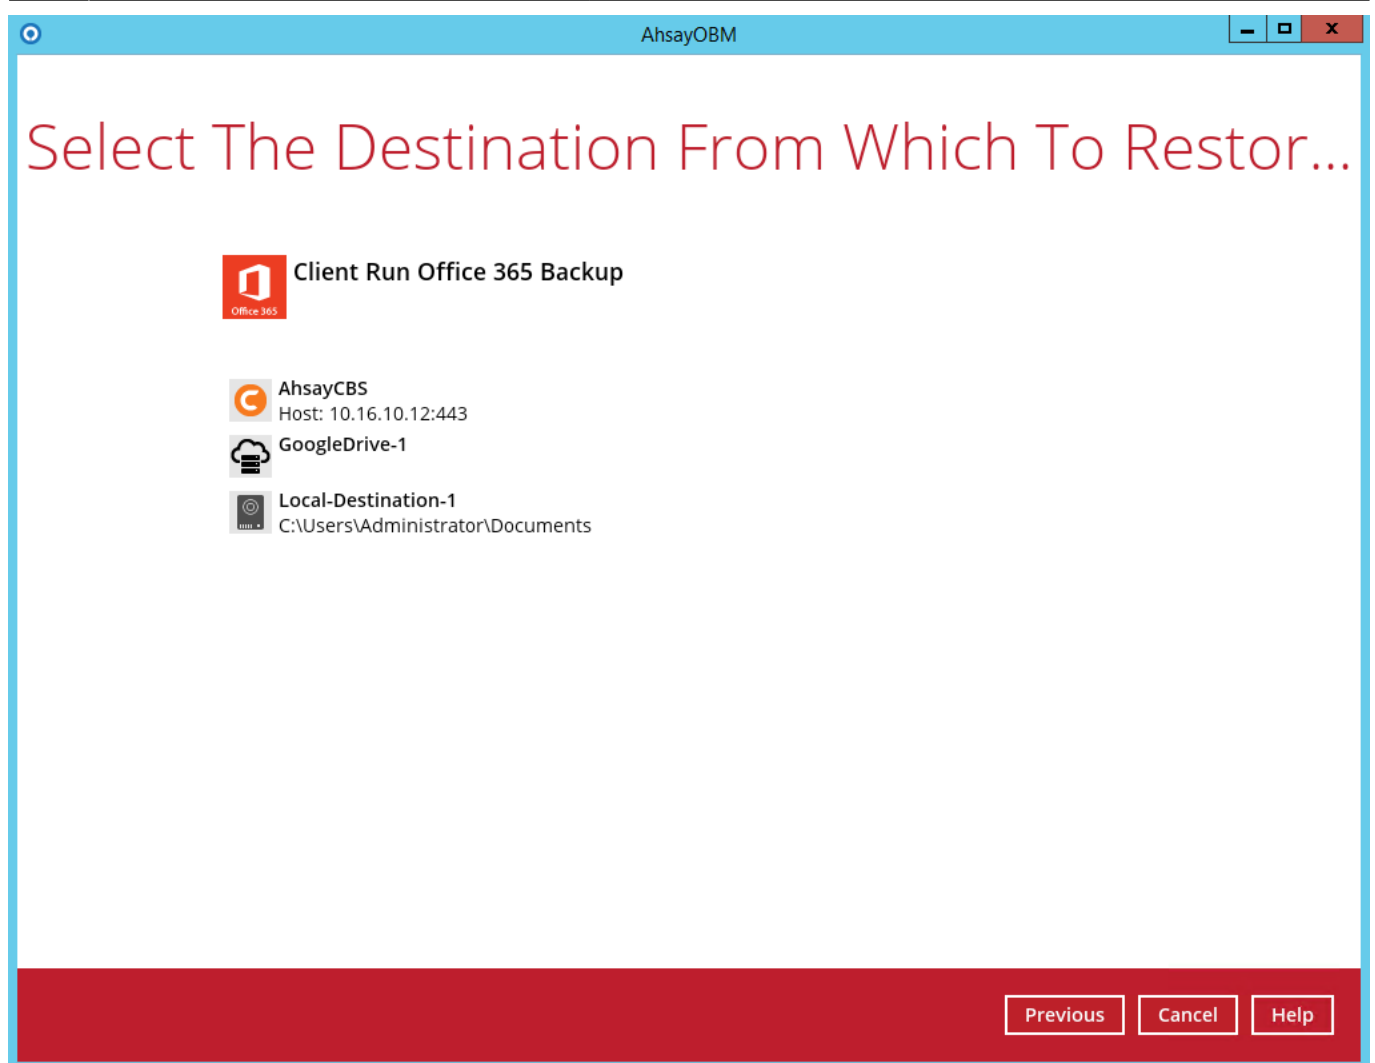

1. Login to AhsayOBM according to the instructions in [Login to AhsayOBM](#).
2. Click the Restore icon on the main interface of AhsayOBM.

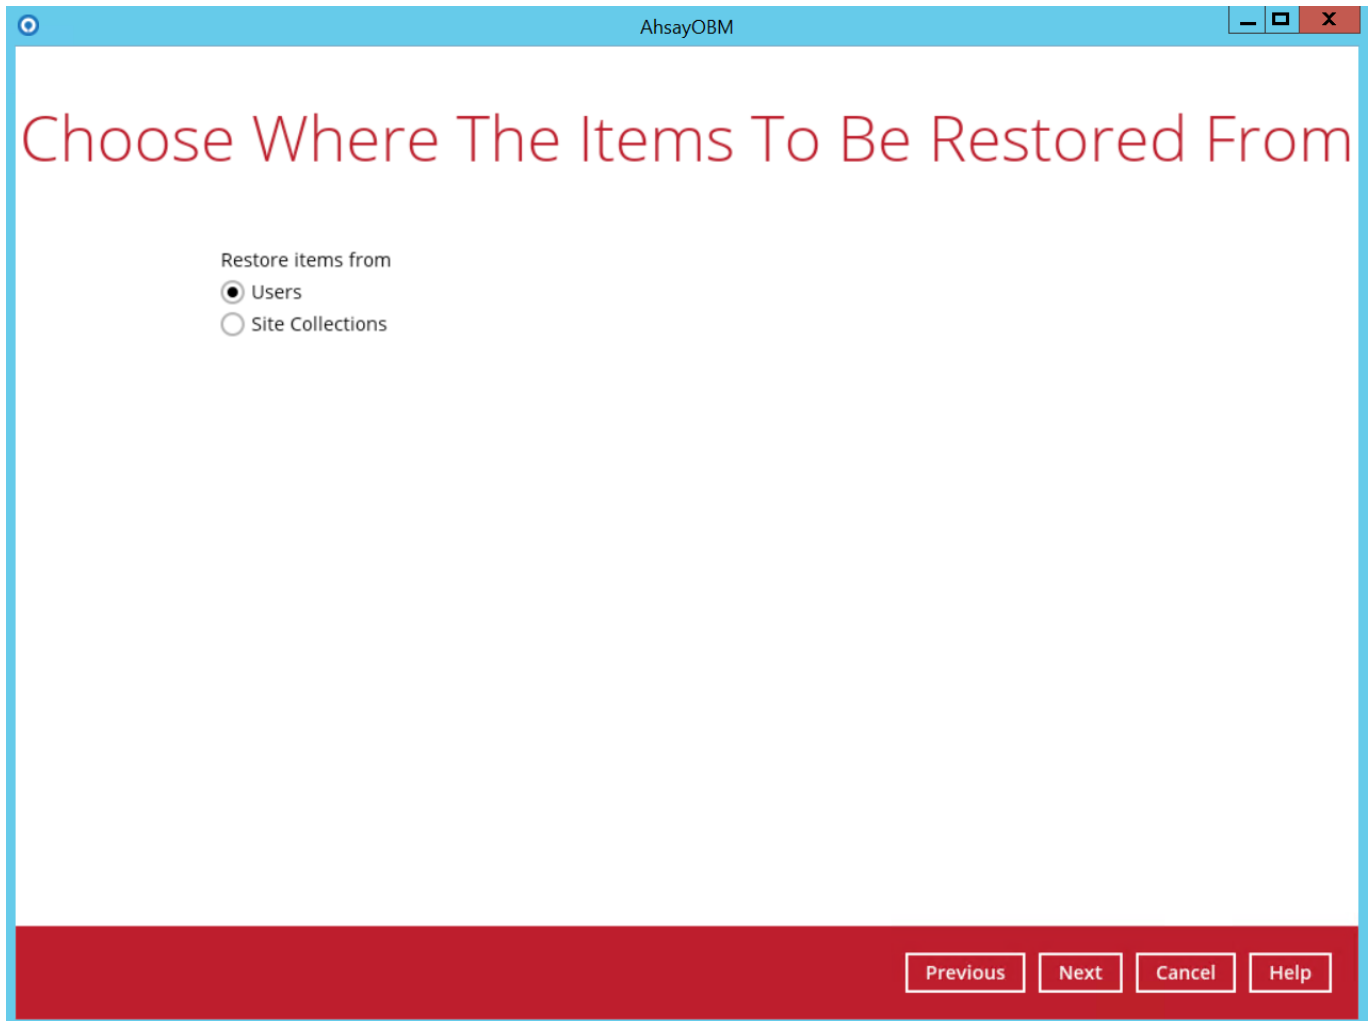

3. Select the backup set that you would like to restore.

4. Select the backup destination that you would like to restore backed-up items to. In our screenshot below, we have three (3) options namely, **AhsayCBS**, **GoogleDrive-1**, and **Local-1**.

5. Select to restore from **Users** or **Site Collections**. Click **Next** to continue.

The screenshot shows a window titled "AhsayOBM" with a blue header bar. The main content area has a light gray background and a large red heading "Choose Where The Items To Be Restored From". Below the heading, there is a section titled "Restore items from" with two radio button options: "Users" (which is selected) and "Site Collections". At the bottom of the window, there is a red bar containing four buttons: "Previous", "Next", "Cancel", and "Help".
